

GDA React Daily Baseline Report

Generated: 2026-04-27T17:17:01.963Z

Overall: PASS

Metric	Value
Sidebar routes tested	23
Sidebar routes passed	23
Sidebar routes failed	0
Functional checks tested	8
Functional checks passed	8
Functional checks failed	0
API endpoints tested	10
API endpoints passed	10
API endpoints failed	0
Direct n8n webhook calls	0
Browser console errors	0
Blocking failed requests	0
API auth failures	0
API empty responses	0
API HTML responses	0

Check Results

Check	Status	Exit code	Detail report
Sidebar route smoke	PASS	0	react-sidebar-smoke-latest.json
Functional smoke	PASS	0	react-functional-smoke-latest.json
API proxy smoke	PASS	0	react-api-proxy-smoke-latest.json

Interpretation

This baseline is safe and read-only. It does not change n8n, Postgres, opportunities, risks, action items, or deployed React code.

Passing means the live React app loaded its tested sidebar routes, key pages showed expected UI, and React-critical server-side proxy endpoints responded without auth failures.
